Thanks Meredith.

Pat , just one small edit. Can we change the language in the document to “ARB and/or EPA approved”? I think we want to keep ARB as the primary entity in this situation.

Let me know if that sounds OK.

Thanks again.

Hi Meredith,

Thank you for the comments on the Great Basin Unified APCD R&R document. I updated the document to reflect "EPA and/or ARB approved" for the PM2.5 QAPP, PM10 QAPP, and the alternative SOPs for PM10.

Thank you,
